Dear Parents / Guardian

Some parents resort to having private vehicles like autorikshaws, Maruti vans, Sumo, Qualis, etc which are neither safe nor trustworthy for transportation of their ward / child of our School.

These vehicles are not authorized by the School and also prohibited by RTO to transport School children. They pick up and drop the students near the school premises.

These vehicles are overloaded and driven recklessly which may lead to mishaps and untoward incidents.

However the unauthorized and illegal private vehicles are not complying with any RTO rules and regulations thereby causing serious concern for the safety of the School students and we are sure that this situation is like a ticking time bomb which may lead to any untoward incident in the near future. If such a tragedy were to occur who will be responsible???

Following are some of the RTO norms which private unauthorized service providers do not follow.

- Vehicle - school bus / school van is not according to the norms.
- Overloading.
- No fire extinguisher in the vehicles.
- Police verification and background check of drivers is not done.
- No lady attendant in the vehicle.
- Run on gas etc.

Kindly note that the School assures no responsibility for the private arrangement made by parents for the transportation of their child / ward, as the School does not monitor any of their movement.

School is concerned about this ongoing trend of transportation adhered to by some parents; hence would appeal to all to send their ward / child by the Schools authorized Bus contractor Destiny Tours and Travels who promises to provide all the facilities and follow the norms laid down by the RTO.

Please contact the School Bus Contractor Destiny Tours and Travels for availability of School bus service.

**"No Excuse can justify the use of these means of transportation as it concerns the well being of your child."**

**Principal**
